

Grundy Photo Contest Winner Announced: '32 Ford

CONGRATS MARK WCISLO!

In a continuing effort to strengthen the bond between company and customer, Grundy Worldwide launched a photo contest, in the beginning of the year, which provided valued clients with the opportunity to display their vehicles on a national level.

Grundy offered its clients the chance to have their car(s) featured in print advertisements that run in a variety of magazines such as the Goodguys Gazette, Old Cars Weekly and Sports Car Market.

After receiving over 100 photo submissions, Grundy's marketing department chose **Mark Wcislo's 1932 Ford Roadster** as the winning entry.

"After seeing your ad on Hot Rod Hotline, looking for customers' cars, and since I have always insured all my street rods with Grundy, I decided to send you pictures of my Boydster II that I have built myself," wrote Mark, when submitting his photos for the contest. "I purchased the fiberglass body package and perimeter frame from Boyd Coddington and then proceeded to fabricate the rest of the build."

And, some of the special features?

"It is powered by a Ford racing 5.0 liter motor, AOD automatic transmission and has a polished Currie rear end and a custom mix pearl green using House of Kolor paint," said Mark.

Be sure to look for Mark's car in future Grundy ads and check www.grundy.com for more contests and opportunities to get your baby noticed.

Grundy also provides other means of showcasing vehicles, including its weekly newsletter.

Write to newsletter@grundy.com for more information about how your vehicle(s) could be featured in a future issue of the [Grundy Weekly Reader](#).

About Grundy Worldwide

Grundy Worldwide was Established In 1947. Since then, Grundy Worldwide's program has insured more than 1,500,000 collector vehicles through leading A++ and A+ rated carriers.
